Video
demonstration

Fully automatic pick-up and drop-off of the coil, no operator intervention required.

It allows a reel to be picked up by its vertical axis through its mandrel, lifted, moved and put down without any handling effort.

Ergonomics

- Automatic reel pick-up without operator intervention.

Security

- Safe gripping of the coil.

Versatility

- Handling by hoist or crane hook.
- Adaptable to our stackers with the bracket accessory.

Warranty

- 10 year warranty excluding wearing parts.

Moreover, as nothing should justify throwing away a product under the pretext that it is damaged, we are able to put back in use all the materials of our manufacture and this, without limit of duration.
